

Start using your talent to gain the benefits and professional satisfaction you deserve

Denturists are the only professionals legislated "exclusively" to serve individuals with removable dental prosthetics; the entire curriculum of study focuses on the sciences involving the oral health of those individuals needing a dental prosthetic and the actual fabrication of that appliance.

Choosing a career as a denturist will give you the satisfaction of knowing you are providing access to a much needed dental service as a vital member of the dental healthcare team dedicated to improving the oral health of millions of Americans.

Make sure you are receiving the best return on your talents!

- Professional control
- Professional flexibility
- Professional satisfaction
- Greater income
